

About MD Golf

Matt Davis is originally from Australia where he excelled at junior and amateur golf. Following a move to the USA he competed at the college level at USC-Aiken and Lenoir-Rhyne University before making the move to the Tour ranks. After pursuing his dream for four years he returned to Philadelphia, where his career began as an instructor at the prestigious Julian Krinsky School of Golf.

After taking a job in 2011 as an Assistant Professional at Spring Mill CC he was quickly promoted to First Assistant and was responsible for the bulk of the instruction programs. After three happy seasons at SMCC he was offered the position of First Assistant at Indian Valley C.C., eventually becoming the Interim Head Professional in 2015 before the opportunity came to open move to full time teaching at Blue Bell Country Club in 2015. After two years at BBCC he has returned to his favorite place with the opening of The MD Golf Academy @ Spring Mill in 2017! He is also the Head Women's Coach at Delaware Valley University where his indoor studio is located.

Matt and his wife Page live in Doylestown, PA. He is also a doting dad to Andrew and Ben, future Masters Champions!

Performance Junior Coaching

Designed to take your child from a beginner to college golf and beyond.

At the MD Golf Academy our junior programs are designed to help your child thrive on the golf course and advance from grassroots programs through to our development squads and onto our Elite Travel team.

Juniors in my academy receive training in elite performance learned from the greatest athletes in the world, the most credible human performance research analysts and pioneers of expert and elite performance. Re-creating pressure situations, simulating on course scenarios, regulating and enhancing practice and promoting skill "chunking" in the long term memory are the four corner stones to the game like training program. These techniques and my experience from a lifetime of tournament golf allow me to create an engaging and successful learning environment for your son or daughter.

All our junior programs fostering a "team" environment, modeled on elite travel soccer teams and college programs. Any Individual Plan also comes with the following features designed to maximize your child's development:

- Personalized Edufit Training Space
- Personal Blast Motion Coaching Platform
- Personal Practice Plan using the Game Like Training System
- Tournament Scheduling Assistance
- "Tour" Tournament Days for competition observation
- College Golf Planning and Education

To schedule a free Junior Golf consultation and assessment please call 215-266-3264 today.
